

Volunteers of America Mid-States is happy to introduce a new Patricia Cummings Wellness Scholarship to our full-time employees.

Patricia Cummings is a retired social worker that most recently served as Vice President for Seven Counties Services, the community mental health center in Louisville, KY, and has served on our board 9 years this June. She has also been an integral part of the W.I.G. (wellness initiative group) since September 2015. Patricia has approximately 40 years of experience in the social work field with the majority of that time with Seven Counties. She was first involved with Volunteers of America Mid-States in 1988 when a federal grant was given to Seven Counties and VOA. She has been connected to VOA ever since.

Patricia and her husband, John Bruggman, who is also a social worker clearly understand the stress and challenges for employees in the helping field and wanted to donate \$5,000 to help support our dedicated staff and reinforce what our employees do on a daily basis. Volunteers of America Mid-States was thrilled with this gift and will be matching it to offer a \$10,000 scholarship for our full-time employees to help achieve wellness goals. Eligible employees must have been employed for at least one year and be in good standing with VOA when applying.

Scholarships can be used for self-care activities like yoga, massages, classes, books, exercise DVDs, paid time off from work, etc. or to assist with medical bills/costs associated with wellness. You may have another creative idea for which you would like to apply. All wellness oriented requests will be considered.

Attached to this letter is an application form; you can fill it out manually and send to Human Resources attention Robbin Sellers or you can retrieve the application from Practical Health.

Volunteers of America Mid-States strives to become the employer of choice in the regions we serve. We hope that this will be another benefit that shows how much we appreciate our dedicated employees and what you do each day to create positive change in the lives of individuals and communities through our ministry of service.

Sincerely,

Terri Montgomery

Chief People Officer
